MAY 2016

CELEBRATION

In a special extension of gratitude for all of their hard work, we'd like to recognize Nurses' Week in accordance with the National standards, May 6-12, 2016.

CONGRATULATIONS!

Tracie Holbert will be graduating May 7th with her Masters of Science in Family Nurse Practitioner. She graduates with high honors as a member of Theta Tau (High Honor Society of Nursing for a 4.0 GPA).

RELAY FOR LIFE

Nancy Wollenweber is looking for clear bud vases for the Survivor Supper on June 8th. The newest survivor at each table gets to take the vase and flowers home with them. Flower are provided by the Flower Booth; if you've got some vases you'd be willing to donate, please get them to Nancy ASAP.

Also the Relay needs "canned" goods for the Luminaria bags. We set the candles on top of the canned goods and then when Relay is over the canned goods go to the Greene county food banks; please no boxed or paper items - just "canned" goods. There will be a box in Medical Records for your donation items.

HOSPITAL WEEK

We will be celebrating Hospital Week with a variety of events on each day during the week of May 8-14, 2016; please check a listing by the time clock for more details!

THANK YOU!

I wanted to give an update on my Granddaughter, Braleigh Winters. She has gone through her 6 months of vigorous treatments and is now in what they call "maintenance". In April she started her once a month chemo visits and she also gets a breathing treatment on that visit. She is taking chemo by mouth every day among other medicine. Her hair is growing back and she is on her way to recovery!

Thanks to everyone at Boyd for all the prayers, gifts, and words of encouragement!

Carla Winters

19	20	21	22	23 Luke Smith	24	25 Helen Southerland
26	27	28	29	30		

CEO CORNER

I want to thank everyone for all the hard work with the disaster drill. We found a few bugs to work out but everyone worked together as team.

At times I have seen several individuals leaving the parking lot for lunch or to run up town. Please remember: according to our policy, you must clock out if you leave the facility and it is not hospital business.

Next week is Hospital Week. We will be having different things each day to honor the employees. On Friday, May 13th, we will be having a picnic lunch for all employees from 11:30 to 1pm. We will be having hot dogs, hamburgers, potato salad, cole slaw, and baked beans.

This past week we have had a problem with the ransomware computer virus. Please do not open any emails from people you do not know. If your computer starts acting up, talking to you, or anything unusual, please shut your computer down immediately and call Lisa - no matter what time it is. This is a serious virus that can run through the entire network very quickly. Lisa has experienced this virus first hand – she received an email from a “Sharon Petty” with the subject line “Invoice”; there was no attachment but that email was infected with the virus. If you have any questions, please ask.
